

WERKMASTER™

Ultra Floor Systems & Solutions

Taking it to the Wall!

Scarab PRO

Variable Speed Grinder & Polisher

The WerkMaster Scarab Pro is the ideal machine for countertops, floors, stairs and ledges

- Excellent on concrete, stone, terrazzo, VCT tile, hardwood and wood decking
- THE tool for professional contractors and DIYers
- Handheld grinder for countertops, floors and stairs
- Edges all surfaces to within 1/8" (3mm) to the wall
- Features dustless grinding and sanding when attached to appropriate HEPA vacuum system

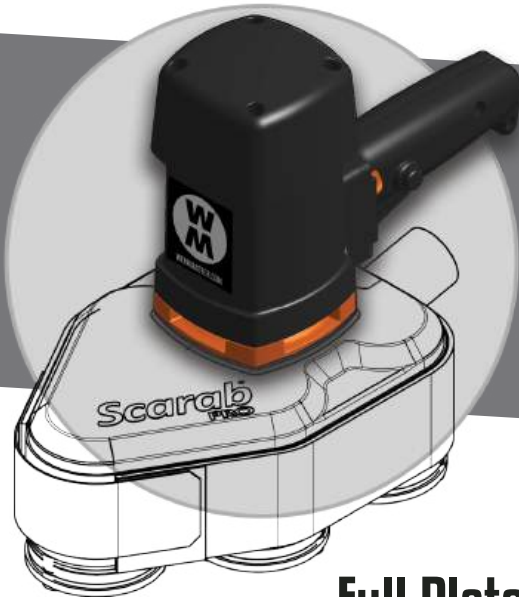

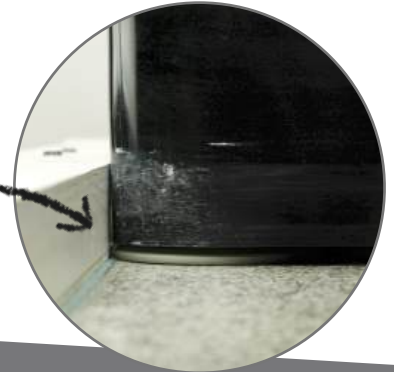

Eliminate scaring and divots

Our 5 counter rotating heads add stability and produce a superior finish

90° head rotation is designed to get into tight places and small spaces

Easily gets into hard to reach and small spaces

Gets up to 1/8" of the wall!

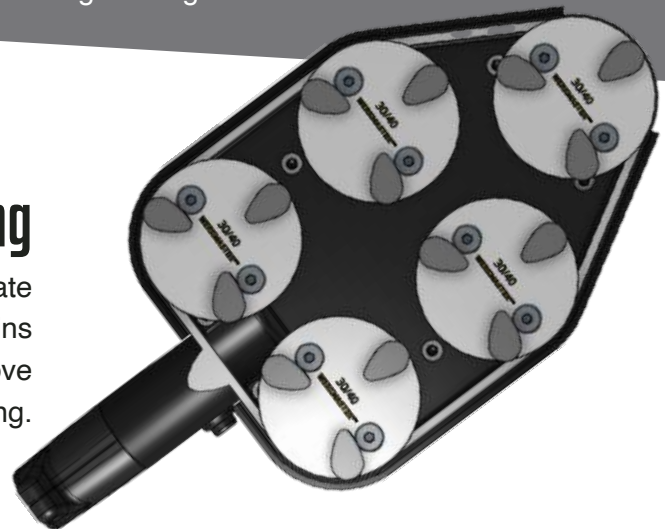

Powered by Eibenstock

WerkMaster has partnered with Eibenstock, the renowned German power tool manufacturer since 1919, to develop an efficient, long-lasting, and powerful motor. This collaboration leverages German engineering excellence.

Full Plate Tooling

Use with WerkMaster 3" (76mm) full plate diamond abrasive metal bond tooling, resins and buffing pads. Easy to install or remove and allow for versatility when selecting tooling.
