RETAIL

MudMixer is the **fastest, easiest, multi-use** mixer on the market. Featuring a **fully-adjustable water input** designed to be used with **concrete, mortar, or stucco** mix - it quickly and effortlessly provides **reliable consistency** wherever it's needed.

FEATURES

- ✓ 35-in. stand-over height
- ✓ Integrated bag opener
- ✓ Fully adjustable water dial allows for customized water flow
- ✓ An all-electric, water-sealed motor with both forward and reverse settings
- ✓ Upgraded electrical system
- ✓ Reinforced steel chute increases durability and resists wear from rock-heavy loads
- ✓ Attached secondary hose for quick, easy, and convenient clean-up
- ✓ Electric drivetrain with the power to chew through 40 bags of mix per hour
- ✓ 14 gauge high-strength steel construction
- ✓ 330-degree pivot system
- ✓ Marathon flat-free tires

MIX **FAST** | MIX **EASY** | FINISH **CLEAN**

After rolling the MudMixer® into position, simply drop and fold the desired bag of concrete, mortar, or stucco mix into the hopper.

Adjust the water dial to achieve the proper water flow for the desired mixture.

Stand back and watch the MudMixer® do what it does best. Mixture will continuously fill your forms as you feed the hopper.

Cleanup is a breeze. When your work is done, grab the secondary hose to thoroughly and easily clean the MudMixer®.
